David, attached are:

- Superconference memo – includes:
  - Bios for Commissioner Bobby Janecka and the moderator Debra Baker
  - Fact Sheets/background for Border issues
  - Relevant Press Releases related to session topics
  - Other Texas Hot Issues briefing sheets
- Superconference full agenda
- Draft Talking Points (the Border topic TPs are now fairly lengthy, as are the lessons learned/best practices following covid)

**This is the Run of Show with questions included:**

- Introductions: 2 minutes
- Opening remarks: approx. 3 mins each, 6 minutes total
- Discussion: approx. 35 minutes total.
  - Border – 2 questions
    - What are some of the significant environmental issues for Border communities, and how are EPA and TCEQ working to address them?
    - Addressing binational environmental issues presents many unique challenges—as well as opportunities. What international structures do you see as the most important in addressing challenges and pursuing common goals across national boundaries?
  - Emergency response – 1 (multipart) question/prompt
    - Can you talk about EPA and the State's roles during the winter storm this year, and during previous emergency responses? What were some of the challenges, and how did you address them?
  - Lessons learned / best practices relating to tools and processes following COVID pandemic – 1 question
    - The coronavirus pandemic brought changes for all of us in how we connect and the way we work. What are some of the lessons learned and best practices that you can share from your perspective, and are there any new tools or practices that are here to stay?
- Closing remarks (informal – Debra will prompt you for any closing thoughts): approx. 2-3 minutes

**Here are the 3 briefings scheduled and the topics that will be covered in each. We do not have a briefing scheduled for the final question, but have detailed notes in the TPs on our efforts.**
